A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery. strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

SUICIDES IN VIRGINIA.

R. W. Vaden, 48 years old, committed suicide yesterday morning at his home in Newport News by opening an artery in his left arm. Vaden was a building contractor and had lived in Newport News many years. He is survived by a widow and eight children. For 19 weeks he had been suffering from cancer of the stomach, which a severe operation failed to cure, and for some time the patient had known that his days were numbered. Yesterday morning he asked his wife for a penknife, saying that he wished to pare his nails. Mrs. Vaden handed him the knife and left the room for a few minutes. When she returned her husband was unconscious and was bleeding from a small wound in his arm. Screaming for help the woman rushed out of the room and fainted in the hall. Dr. W. J. Knight, who was summoned by neighbors, could do nothing, as Vaden was so emaciated by the disease that the loss of a very little blood would have been fatal. Death came soon after the doctor reached the house.

Julian R. Gay, formerly of Norfolk who has been living in Richmond several months, attempted suicide last night in front of the home of Ada Lane, a young woman with whom he was infatuated and who had refused to longer receive his attentions. The attempt was made with a knife, the man slashing a long gash in his neck from ear to ear. Fortunately, however, he missed the main artery and the physicians say he will recover. The nature of the trouble between the man and the woman has not been learned. It is said that Gay went to the house and was refused admission, and that he then lay down directly in front of the house and attempted to end his own life. Gay is now in a hospital.

Mrs. Nancy McKainey, who was 70 years of age and beloved for her womanly graces, ended her life by committing suicide in Bristol yesterday. Her body was found suspended by a rope, after she had been missing from her home at New Bethel for two days. Mrs. McKainey had lived alone since the death of her husband ten years ago. No cause is assigned for the suicide.

Bessie Quigley, a young white woman, committed suicide in Roanoke yesterday by taking laudanum and morphine. She was attended by physicians and lived fifteen hours. She had often threatened to end her life, but had sworn to first kill a young man, "Dave" Powers. She sent for him Thursday night, and upon his refusal to respond to the summons she took the double dose of poison. She was from Franklin county and came from a good family.

Castellane's Debts.

A dispatch from Paris says that while no move has yet been made by the Count's lawyers, the attorneys for the Countess de Castellane evidently anticipate an attempt on his part to force a delay in the trial of the divorce case, which has been fixed for October 17, unless the creditors' attachment case is previously settled. The Count is not unwilling to take every advantage of the desire of the Countess and the Gould family to make sacrifices to avoid further notoriety and scandal, but it is still doubtful whether the price is not too high. It turns out that the bills piled up by the Count's creditors are very numerous. While the exact total is not known, the amount is authoritatively described as "fabulous."

In spite of the pre-nuptial settlement, the French law regards the marriage partnership as making husband and wife equally responsible for the household expenses and debts. The attachment proceedings, however, do not belong to this class. They are almost entirely for money borrowed from usurers at ruinous rates, and consequently they could be legally resisted.

The Count has another lever, in the disposition of the children, who, under the law, are French citizens and subject to military service. He could enter a plea before the French court that if the children were given into the custody of the mother they might be taken beyond the jurisdiction of France. Such action would doubtless result in the imposition by the court of restrictions embarrassing to the Countess in the future.

If the creditors' attachment case is settled out of court the Count is not expected to make a defense, and it is believed the divorce will be granted October 17. Otherwise it is anticipated that the Count will trump up a cause for postponement.

A Scientific Wonder.

Struggle With a Maniac.

Albert S. Belote, a former employe of the Postoffice Department in Washington, made a savage attack upon George F. Shaw, the superintendent of the postoffice building, yesterday, and for a time it appeared as if the struggle might result in a tragedy. Back and forth the two men swayed, as Belote attempted to force Mr. Shaw over the railing of one of the openings of the corridor on the fifth floor of the building, which overlooks the court. It was, evidently, his purpose to throw Mr. Shaw over the railing, causing him to crash through the glass roof which covers the portion of the building on the first floor used by the city mail service.

Belote struggled with a fury which seemed almost inhuman, so great was its intensity. But Shaw, realizing that he was fighting for his life, exerted all of his power to push his adversary against the wall. Finally, after strenuous efforts, he succeeded in getting Belote under control, threw him to the floor, and held him there until the police were summoned.

In the meantime, the corridor had become crowded with clerks, and when they realized the cause of the trouble, some of them went to the assistance of Mr. Shaw, but not before he had succeeded in overcoming his assailant.

Belote was arrested on the charge of assault and taken across the street to the First precinct police station, whence later he was committed to the Washington Asylum on a charge of insanity.

It is stated that Belote was formerly employed as a watchman in the Busch Building, Eight and E, street northwest, which is used by the department. About a year ago he was dismissed because of being found asleep while on duty, and, according to the story told last night, attributed his dismissal to Mr. Shaw, from whom he was determined to have an explanation.

It was not until yesterday that Belote had an opportunity for revenge, and when he met Mr. Shaw in one of the upper corridors of the building, he at once attacked him and made a strong fight.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, SEPT. 22, 1906.

THE combination of powder manufacturers who sell their product to the government for use by the army and navy is in imminent danger of being prosecuted as a trust. The Department of Justice is conducting a thorough investigation of this monopoly, and the question of prosecution will be determined when all the facts gathered are compiled and laid before the law officers. Special Agent Roadstrum, who has made the powder trust investigation, has carefully examined the entire situation from Delaware to California. He will at once begin the preparation of his report. It is understood that the information gathered discloses sufficient grounds for prosecution under the anti-trust laws. It is said that when Colonel du Pont, of Delaware, head of the du Pont Powder Company, takes his seat in the Senate next December, he is likely to find himself defendant in an action brought by the government for violation of the anti-trust laws and for entering into a combination to make the government pay millions of dollars more for the powder used by the army and navy than the cost of manufacture would appear to warrant.

AFTER READING of the recent big bank defalcations in Chicago, Philadelphia and elsewhere, it is interesting to recall the story of the last bank failure in China. More than nine hundred years ago, in the reign of Hi Hung, a bank failed in the Flowery Kingdom. Hi Hung had the failure investigated, and to his indignation found it had been due to reckless and shady conduct on the part of the directors and the president. Hi Hung at once issued an edict that the next time a bank failed the heads of its president and directors were to be cut off. This edict, which has never been revoked, has made China's banking institutions the safest the world.

IT IS reported that a number of new cadets of the Virginia Military Institute are returning to their homes on account of the hazing to which they have been subjected. It is claimed that the cadets of the new class are being shamefully and brutally mistreated by the upper class men. The prevailing form of the hazing appears to be for the older cadets to knock the "rats" down with their fists and to flog them with sticks. It was hoped that hazing in Virginia was a thing of the past, and it should be. The authorities of the V. M. I. should make a rigid examination of the matter and summarily expel every cadet implicated.

THE republicans do things; but they do them in different ways. George W. Perkins, Robert Olyphant, Thumnral, and other life insurance republicans worked silently and secretely when engaged in the "public duty" of stealing from the policy holders and handing their loot over to Bliss and Cortelyou for the benefit of the Roosevelt campaign fund, leaving no trace of their doings on the books. But President Stensland of the wrecked Milwaukee Avenue Bank of Chicago, an eminent republican of that city, kept careful memorandum of his forgeries and stealings. He not only did things, but he recorded his doings. He is the best man of the lot.

THE REPUBLIC of France is being rapidly transformed from a wine drinking to an alcoholic liquor drinking country. Instead of indulging, as formerly, in light wines, the people are becoming large consumers of alcoholic liquors, including the seductive absinthe, and the number of suicides caused by alcoholism is increasing. The more rapid the change from wine to alcoholic drinking takes place the more rapid will be the decline of France as a nation and in all other respects.

IT WILL BE noticed that all those Pittsburg millionaires, who have made such scandals are republicans. Protectionism has fostered them to the point of their own undoing. Too much money has made them mad. Reform the tariff and thus take away the tariff subsidy to these special interests and the monopolists will "cool off" and the plundering of the people will in a great measure cease.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Sept. 22.

The War Department officials are now convinced that an American army of occupation will soon be sent to Cuba. The failure of Secretary Taft's mission to Cuba is regarded as practically assured and orders from the President at Oyster Bay for the dispatch of a large army to Cuba are looked for at any time. Not since the days of the Spanish-American war has there been such activity at the War Department. Rush orders have been issued to the purchasing officers of the army stationed in the big marts of trade in the west to buy immense quantities of food supplies, additional tropical clothing, horses, mules and tentage. Strenuous endeavors are being made by the heads of the various bureaux to maintain strict secrecy with regard to the movements of the army and the preparations being made for an armed invasion of Cuba. General Funston, who has been selected by the President to command any army of occupation sent to Cuba, leaves Washington at 3:40 this afternoon for Tampa, Fla., where he will sail on Sunday for Havana, and there report to Secretary Taft. A cablegram was received by the War Department last evening from Generals Barry and Duvall, the two officers ordered home from the Germany army maneuvers, announcing their departure yesterday for New York. They should arrive home in about a week's time. These two officers have been selected by the President to accompany General Funston's army in Cuba.

It is said that Norfolk, Va., has been selected as the place of embarkation for the army. Complete arrangements have been made for the transportation of the troops to Havana and other points in Cuba and, it is understood supplies are being collected at Norfolk for immediate shipment. It is also reported that the quartermaster's department has effected tentative arrangements with a number of merchant lines running out of New York, Philadelphia, Tampa, New Orleans and other seaboard cities for the transportation of troops, under charter. Unless a very large expeditionary force is required in a hurry it may not be necessary to use commercial ships.

A. H. M. Cleave, of the royal mint of Canada, which has just been established at Ottawa, is anxious to witness the coinage methods adopted in the United States. The Canadian government has requested that he should be allowed to make an examination of the mint at Philadelphia, which permission will of course be freely granted him. The Dominion government has decided upon the establishment of a mint of its own and hopes to divert to the Ottawa mint most of the Klondyke gold which heretofore has been sent to San Francisco for coinage.

It is reported here that at the meeting tomorrow of Columbia Typographical Union 120 more printers will be reported for refusing longer to pay assessments for the printers who have been out on strike since last January to enforce the eight hour rule.

All the passengers that were on the transport Sheridan which was recently stranded on a reef near Honolulu, Hawaii, have been transferred to the transport Sherman and that vessel sailed yesterday for San Francisco, according to a report received by the military secretary at the War Department today.

The State Department has been advised that Secretary Root will leave Panama today for Cartagena, Colombia, where he with U. S. Minister Barrett will meet President Reyes and other officials of the Colombian government to discuss the pending efforts to bring about a reconciliation between Columbia and its former dependency, now the republic of Panama. Elaborate preparations have been made for Mr. Root's entertainment.

Stricken While Testifying.

A. M. Newman, president of the Rockingham National Bank of Harrisonburg, was paralyzed while testifying in the Warren S. Lurty will-contest case in the Circuit Court of Rockingham yesterday. Mr. Newman was in the midst of his testimony, when he was seen to fall forward from the witness chair. He was caught by Court Stenographer Lewis and was removed to his home. In the midst of the confusion, Judge Haas adjourned court. Mr. Newman, who was a brother of Capt. Lurty's first wife, was in a very serious condition last night. He is about seventy years old. The Lurty will case is attracting widespread attention in the valley. Capt Lurty, at one time United States district attorney for the Western district of Virginia and marshal of Oklahoma Territory, left the bulk of his estate, valued at $20,000, to his housekeeper, Miss Susie Smith. His sister, Mrs Frank L. Harris, and other relatives are contesting the will on the ground that he was mentally incapable of disposing of his property. Capt. Lurty's second wife, who was Miss Anne Shepherd, of Richmond, is not a party to the suit to break the will, her dower interest being secure. Mr. Newman's testimony was very favorable to Miss Smith.

Summer Ends Today.

Tomorrow, according to the almanac, the sun will cross the celestial equator, and throughout the world day and night will be equal length, constituting that period of the year known as the equinox and the beginning of the fall season. Today, therefore, the summer of 1906 is passing away, and tomorrow it will be a part of the year's history. In many ways it has been a remarkable season and one not soon to be forgotten. From beginning to end it has been characterized by unusually heavy rainfalls and an excessive percentage of humidity. Only once since has this record been surpassed or equaled since records have been kept—the year 1817. The records show that the summer was not an exceedingly hot one The average temperature for the three months was 75.4 degrees, which is normal. But if the season was not one of excessive heat it was one of excessive humidity, and it was this that made it so oppressive.

Charge Against Admiral Evans.

At the hearing yesterday in Boston before the special legislative committee on modifying the Sunday laws, former Secretary of the the Navy Long and numerous clergymen presented a strong protest, charging that Provincetown, during the presence of Admiral Evans's fleet, had been the scene of crime and lawlessness. Admiral Evans was charged with absolute disregard of the wishes of the town fathers, and it was stated that one clergyman had been driven from town and a prominent citizen threatened with tar and feathers by the lawless element that had developed. Mr. Long declared himself unalterably opposed to Sunday ball playing or other Sunday sports by the navy men. It was charged that the excursion boats from Boston and other places had brought undesirable persons to the place.

Parley P. Christensen, county attorney of Salt Lake county, Utah, yesterday was cited to appear on Wednesday next in the criminal division of the State District Court before Judge Armstrong and show why he should not direct the issuance of a warrant for the arrest of Joseph F. Smith on a charge of maintaining unlawful relations with one of his five wives.

A monster cat, tried to kill her mistress, and the latters' daughter in New York yesterday, but for a young man and two policemen, who rushed to their aid with revolvers, the cat might have bitten both women to death.

News of the Day.

The Bavarian mint was yesterday robbed of $32,000 by thieves, who got in through a dry underground canal.

The Savannah Theatre was destroyed by fire last night. The building was erected in 1818. It was said to be the oldest theatre in the United States. The loss is estimated at $75,000 with insurance.

Little John Boyle, the 14-months-old boy who was found Thursday starving beside his dead foster-mother, Mrs. Catharine Dineen, in a tenement in Brooklyn, died last night at the Norwegian Hospital.

Secretaries Taft and Bacon have practically abandoned all hope of finding a ground of reconciliation between the warring factions in Cuba, and believe that American intervention is the only way to end the civil warfare. It is not denied that intervention must be followed by American sovereignty.

Laura B. Payne, of Fort Worth, Texas, in accepting Thursday the nomination on the socialist ticket for Congress in that district, comes out strongly for government ownership of railroads and goes a step farther than Mr. Bryan in advocating government ownership of all packing houses. Miss Payne is the first woman to run for Congress in Texas.

Constable McQuade, who is the entire police force of Oyster Bay, N. Y., is now democratic boss of the village. Thursday's primary held to elect a delegate to the democratic assembly convention resulted in a victory for McQuade over the democratic district committeeman, Harry Sommers. By a vote of 70 to 69, Henderson, an anti-Hearst man, was elected a delegate to the assembly convention.

The recent order of the President in regard to the working of eight hours on all government work is looked upon at this time as a move to appease the laboring man and stop their aggressive hostility in the coming election against certain representatives in Congress who showed no sympathy with the labor unions. It is understood that they will not, however, desist in their efforts to defeat certain congressmen.

Samuel Bland Arnold, one of the Lincoln conspirators, and who in the last years of his life stoutly maintained that injustice had been done to many of those who were caught in the government dragnet following the murder of President Lincoln, died yesterday afternoon at Waverly, near Baltimore. Mr. Arnold celebrated his seventy-second birthday on September 9 last. His death was due to consumption, of which he had been a sufferer for only a short time. Tuesday last he was paralyzed and lost the power of speech He was unconscious when he died. He made no reference to the Lincoln conspiracy to his relatives in late years. Mr. Arnold had lived in seclusion on his farm, near Fair Haven, in Anne Arundel county, for years.

Mr. Bryan in Alabama.

The reception of W. J. Bryan in Birmingham yesterday fell short of the attendance that has marked his former visits to Birmingham The returned traveler was greeted cordially along the route of the parade, but the crowds were much smaller than have many times been seen on the streets of Birmingham.

Mr. Bryan was delayed nearly two hours in reaching the city by a small wreck at Iron City, Ala., so that the carrying out of the programme which had been arranged for him made his stay in the city rather strenuous.

After the parade he was the guest of honor at a lunch at which covers had been laid for 300. Following this he spoke to a large crowd at the Bijou Theatre. He was enthusiastically greeted. His principal topics were the government ownership of railroads, the filching of democratic platform ideas by the republicans and the proposed independence of the Philippines. Mr. Bryan suggested that the democrats should have a patent taken out to protect their platform. Regarding government ownership, he said:

"All I ask is that when you criticise my platform you know what you are criticising. Some people when they can't answer an argument mistate it. I am afraid that is what has been done with regard to what I said in New York. I said that I am in favor of effective legislation, but if the law could not be applied, then I am in favor of government ownership."

Following the speech at the Bijou, Mr. Bryan addressed the workingmen at Golder's Hall. A public reception was later tendered at one of the leading hotels. At dinner he and Mrs. Bryan were entertained by Colonel and Mrs. John W. Tomlinson.

Mr. Bryan and his party left Birmingham last night for Jackson, Miss., where they will spend today and Sunday.

Labor Men Against Mr. Mudd.

Organized labor has inaugurated an active campaign to encompass the defeat of Representative Sydney E. Mudd, of the Fifth Maryland district, in his campaign for re-election to Congress. This decision was reached at a conference which was held last night at the national headquarters of the American Federation of Labor, at Typographical Temple in Washington, with President Gompers, of the federation, as the central figure.

Those participating in the conference were President Gompers, Mr. George L. Smith, the Congressional candidate in the Fifth Congressional district of Maryland; Mr. Edward Hirsch, president of the Baltimore Federation of Labor; Mr. H. L. Eichelberger, State organizer for Maryland, and Mr. Thomas F. Tracy.

After the conference announcement was made that "a large number of workmen and other citizens of Maryland have passed resolutions denunciatory of the course pursued by Congressman Mudd upon measures affecting the interests of labor and the people of Maryland generally."

It was said many of these were forwarded to the federation, as well as to the officers of the Baltimore Federation of Labor, and that as a result President Gompers invited the candidate against Mr. Mudd, Mr. George L. Smith, and Messrs. Eichelberger and Hirsch to confer with him and Mr. Tracy at the headquarters of the American Federation of Labor.

It was decided at the conference that "in the interest of the people generally, as well as the working people, every honorable effort should be made for the defeat of Mr. Mudd." Messrs. Eichelberger and Hirsch, it was announced, would immediately "begin an active campaign against Mr. Mudd."

Virginia News.

Gen. James C. Hill, a distinguished Confederate army officer, for a long time State railroad commissioner, died at his home at Scottsville yesterday, aged 76 years.

Miss Fannie Parker, daughter of Charles F. Parker, of Middletown, and Albert J. Smith, a young railroad man, were married Thursday on the Suspension bridge across Cedar Creek, Frederick county.

"Seymour," a pretty suburban home near the University of Virginia, was purchased yesterday by Senator Thomas S. Martin, who will, it is understood, make Charlottesville his home. The price paid was $12,000.

After enduring agony for 36 hours, Norman Boxwell, son of Mr. and Mrs. Peter Boxwell, died yesterday at his home in Winchester from lockjaw. For two hours before death the child had one convulsion after another. Lockjaw resulted from a piece of rusty wire penetrating his foot.

Fairfax C. Christian, broker, formerly of Richmond, filed a petition in voluntary bankruptcy in Norfolk yesterday, asking relief from debts amounting to $7,671,04, of which $5,586 are in unsecured claims. The petitioner's only visible assets are $70 in household effects and $200 in other goods.

State Chairman J. Taylor Ellyson has issued a call for a meeting of the State democratic central committee, to be held in Richmond, Friday evening, September 28. It is understood that the meeting is for the purpose of making arrangements for an active campaign in those congressional districts in which the democratic nominees are opposed.

Thrilling Incident at Horse Show.

Word has reached Staunton, Va., from Bryn Mawr, Pa., that Miss Eugenia Burt, of the former place, was the heroine of a thrilling incident at the Bryn Mawr Horse Show yesterday.

Miss Burt, who is visiting Mrs. Catharine Roech, at Moylan, had had a mare belonging to Mr. Daniel Buddery saddled in the stables near the Bryn Mawr Hotel, and was about to take her for a preparatory trial before riding her in the "horse most-likely-to-be-a-hunter" class. The young lady, who is an accomplished horsewoman, had been warned against attempting to ride the mare, which had never before had a side saddle on her back nor ever been ridden by a woman.

But Miss Burt had full confidence in her ability to cope with any steed, however mettlesome, and insisted on mounting. She had attended all the Bryn Mawr horse shows and has always taken prominent part in showing the entries.

Hardly had she swung into the saddle than Dutch Loaf bolted, and in a moment it was seen that she could not be controlled by her rider. Straight past the hotel she flew and the fair occupants of the grand stand and boxes, who could plainly see the drams enacted without the oval, screamed in terror.

All that Miss Burt could do was to keep her seat, and this she did with the grace of a centaur, but as for slackening the speed of the flying mare she was powerless.

Close behind, however, was another rider mounted on a steed, which, though entered in no show class, had abilities of his own and a knowledge how to use them. Just as the runaway reached Montgomery avenue, about a quarter of a mile from the stables, Policeman Grier drew easily alongside of the frightened animal's head and, grasping the bridle, brought it down to a walk.

Miss Burt was lifted from the saddle and showed her nervousness by catching her foot in her white riding skirt, tearing the fabric. She was taken to the hotel to make repairs and Dutch Loaf was ridden in the oval by a groom.

Mr. Mansfield in Fist Fight.

Actor Richard Mansfield, while slumbering in his cottage in the Pequot Colony, near New London, Conn., at 1 o'clock yesterday morning, was aroused by cries of "fire!" and a glance through his window showed that a stable on the Gardner estate, close by, was enveloped in flames. Mr. Mansfield was soon on the scene directing the neighbors in saving the livestock and farming implements, and stationed two young men on the roof of the Gardner residence with a small hose in an attempt to save the house from the numerous sparks which threatened it.

With the arrival of the Pequot Independent Hose Company, just incorporated and made up of many of the wealthy Pequot colonists, the foreman, Col. Eugene T. Kirkland, ordered the young men with the miniature hose from their perch, as his men wanted to souse the residence in good style.

The young men refused to budge, and Mr. Mansfield attempted to intercede for them, but to no avail, and a hot argument followed, in which Colonel Kirkland slapped the actor on the jaw and attempted to get a half nelson hold. The actor retaliated by cutting loose with a right and left uppercut, and before the round ended friends separated the combatants, and it is reported they were later seen to shake hands and call "honors even."

The residence was saved, but the stable, which was valued at $5,000, was a total loss.

Marvels of Surgery.

Professor Garre, of Breslau, gave Thursday to the Congress of Natural Investigation and Medicine, now in session at Stuttgart, the result of his experiments in transplanting blood vessels and organs from one body to another. Professor Garre described the case of a 4-year-old boy, suffering from cretinism, who had portions of his mother's thyroid gland transplanted to his spleen. The child, after nine months, is developing normally and can walk and talk. Cretinism is a condition of imperfect mental development or idiocy, with a corresponding lack of physical development or deformity. Professor Garre narrated successful experiments in the transplantation of blood vessels from one living animal to another. He transplanted blood vessels from animals that had been dead for an hour and a half to live animals. The Professor declared that while it was impossible to transplant large blood vessels from living human beings blood vessels could be taken from freshly amputated limbs and transplanted to cases where large tumors had been removed or where otherwise the tying up of large blood vessels resulted fatally for the parts of the body fed by them. Professor Garre described also the transplanting of kidneys from one animal to another, the replanted organ performing its functions perfectly.

Today's Telegraphic News

Typhoon in Manila.

Manila, Sept. 22.—The Bay of Cavite, the scene of Admiral Dewey's great victory over the Spanish fleet on May 1, 1898, was today visited by a disastrous typhoon. It is believed considerable loss of life has resulted and enormous damage has been caused

The storm's scope extended far south of Cavite, but telegraph wires on land are down in all directions from the city, and it is impossible to get details of what has happened.

Shipping in Cavite Bay is known, however, to have suffered heavily. Nearly a score of vessels are said to have foundered in the bay or been driven ashore.

Immense damage has also been caused on land. Buildings were blown down, trees uprooted, houses unroofed or destroyed, and sheds and barns blown to pieces. It will be impossible to give any idea of the casualties until a search can be made of the wrecked buildings, as it is believed many persons are buried in the ruins of their homes. Debris from the destroyed buildings fill the streets at many points.

The arsenal which was the stronghold of the Spaniards in the days of their possessions has been badly damaged. Losses are said to have occurred among the soldiers stationed here.

The gunboat Arayet was driven ashore and is badly damaged. Several of her crew are reported to have been lost and others injured.

Only the fact that many of the buildings are constructed of stone and so were able to resist the efforts of the storm prevented the loss from being much heavier.

Cavite province seems to have been ravaged by the storm and it is believed it extended farther to the southeast into the provinces of Bantangas and Tayabas. It is feared the southern coast of these provinces of Luzon island have also been ravaged.

No word has been received today from Mindanao and Marindu islands, south of Luzon, and it is feared the typhoon may have reached there as well.

The Cuban Situation.

Havana, Sept. 22.—The big question now forming in Cuba is not whether the United States government shall intervene to restore peace, but in what form the intervention will be offered.

Secretary Taft has received statements from all factions that indicate that no agreement can positively be reached that would leave the island government wholly in Cuban hands.

American officials, hitherto optimistic over the prospect of securing peace and restoring the Palma government, are now convinced that only the great offices of the United States can save the island from continued turmoil and an uncertain political future.

Officials of the Palma government threaten that if the American representatives order new elections the entire responsibility of conducting the government temporarily and managing the elections will be thrown on their hands.

Secretary Taft is about ready to appoint a committee of natives to devise a solution to be enforced by Americans. It is a debatable question whether a plan generally acceptable can be formed.

News of General Funston's coming is resented by some of the Cubans, who say that he left the army of liberation, surrendered to Spain, and departed from the country. A number aver that Funston was a deserter. Funston's friends say that he simply left the service. Island traffic is nearly suspended, and commercial interests are suffering greatly.

The danger of clashes there and elsewhere has been recognized for several days, and Taft has given notice that if a battle occurs the result will be very serious, and will undoubtedly mean immediate occupation by American military forces.

The Russian Plot.

St. Petersburg, Sept. 22.—Discoveries made by the authorities that the plan of the terrorists whose plot to assassinate the Czar was announced on Wednesday, was to throw a bomb inside Peterhof palace while the Czar was engaged in a star chamber consultation with Grand Duke Nicholas Nicholaivitch and Vladimir and his other court advisers.

By such an attack the terrorists hoped to remove their most important enemies at a single blow. Household servants in the palace had been found to throw the bomb and the conspirators were only awaiting the return of the Emperor from his cruise in Finnish waters to carry out the plot.

These details have been brought out through the arrest of a gardener and two of the palace servants, implicated in the conspiracy. The gardner has been identified as one of the most daring of the inner circle of terrorists.

The correspondent of the Publishers Press was informed from high official sources today that it is extremely improbable that Czarina and the Imperial children will return to St. Petersburg when the Czar finishes his cruise on the yacht Standart.

Two invitations have been extended to the Czarina and her children for visits. One is from the Czarina's brother, the Grand Duke of Hesse, who wishes them to reside with him at Darmstadt.

Former Empress Eugenie has also offered to place her residence at Farnborough, England, at the disposal of the Russian Empress. It is probable the Czarina will eventually go to England.

Is Trepoff Dead?

St. Petersburg, Sept. 22.—A report coming from terrorist sources has gained wide circulation today that General Trepoff is not dead, as reported, but is living secretly, in disguise, in the Peterhof Palace. The report of his death and burial was made public by the government to gain him immunity from attacks by terrorists and give him free rein to plan means to be taken to protect the Czar.

A Narrow Escape.

In these days of rush and hurry courtesy is often forgotten. In the mad, pell mell rush of our little life things are done to offend that we rather remained undone. A hastily eaten meal and its resultant headache may cause us social or financial loss. The wise man or woman is the one who relieves little ills of this sort by a little dose of Kodal For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 King street.

Discontinuance Through Coach between Washington and Warrenton, Virginia.

Southern Railway announces effective with last car from Washington, train No. 15 Saturday, September 29th, and last car from Warrenton, Train No. 316, Monday, October 1st discontinuance through coach between Washington and Warrenton for the season 1906.

Tracy Wins.

Westbury, L. I., Sept. 22.—Tracy, won in the Vanderbilt cup race today. His official time was 11:38:45. Elapsed time 5 hours, 27 minutes and 45 seconds.

Mongini's Matheson machine at 6:28 burst a rear tire on Manhasset Hill on the first round and the machine swerved from the road into a telephone pole. The machine was wrecked. Mongini and his mechanician, John E. Green, were hurled from the machine. Neither was injured beyond bruises. The Matheson was hopelessly smashed and out of the race.

At 11:53 o'clock Vanderbilt declared the race off, owing to the fact that the course had become crowded, spectators having pushed their way through the police lines and the contestants were hampered. Fourth position was given to Lytle, driving a Pope-Toledo car, and fifth place to Christie, in a Christie car, as they held those positions at the completion of their last laps, and, barring accident, would undoubtedly have finished in the positions assigned them.

The touring cars that journeyed down in the night from New York made the prettiest feature. At least 5,000 automobiles approximating in value $15,000,000 made the trip from the city carrying men and women in the latest of automobile finery.

The official finish of the elimination trial for the race is as follows: Tracy, (locomobile), 5:27.45 first; Le Blon (Thomas), 5:51.25, seconds; Hardieg (Haynes), 6:25.39, third; Lytle (Pope-Toledo), 6:37.58, for nine laps, fourth; Christie (Christie), 6:20.34, for eight laps, fifth. The last two men did not finish owing to race being called off.

Tracy averaged 57:60 miles per hour.

Want A General Strike.

Manheim, Germany, Sept. 22.—The greatest question to come up for discussion at the annul conference of the German socialist party, which begins here tomorrow, will be whether a general strike shall be called throughout Germany. There has been a strong demand from a considerable section of the party that instead of spending year after year in tedious political agitation without much effect, the socialist party should bring the entire industry of the country to a standstill through a general strike, thus paralyzing the forces or law and order at a stroke.

A general strike, they argue, if maintained for sufficient time, would give the socialists a chance to dictate terms to the Kaiser. The entire military forces of the empire, they declare, would be powerless against such a movement. Great political importance attaches to the annual conferences of the socialists owing to the vast strength numerically of the party. In the election of 1903 one voter in every three supported a socialist candidate. This means that one in every three male adults in Germany is desirous of dethroning the Kaiser and establishing a democratic republic organized on socialistic lines.

New York Democrats.

New York, Sept. 22.—The anti-Hearst contingent professes to feel great confidence that they can prevent the Buffalo democratic convention from endorsing the New York editor. Their chief hope is centered on Boss Murphy of Tammany Hall. A week ago Murphy was giving out interviews about the amount of Hearst sentiment there was inside of Tammany. It is said now that he has utilized this sentiment to carry the primaries, but he will be willing to throw Hearst overboard if he can make a profitable deal by so doing. He has ceased to give out interviews about Hearst sentiment, and has turned sphynx.

Mayor McClellan has decided to go to Buffalo Sunday to take part in the anti-Hearst fight.

The New York Press this morning publishes a long editorial plea, addressed to Governor Higgins, to retire in the interest of party success and to throw his support to Charles E. Hughes. The Press also urges that Lieutenant Governor Linn Bruce should not be considered as a compromise candidate.

New York Republicans.

New York, Sept. 22.—In the republican camp today the tide is running strong for the renomination of Governor Higgins. It is generally conceded that Higgins can have another term if he wants it. Human nature being what it is, it is presumed that he will want it. The final decision is said to rest with the Governor's wife. Governor Higgins went to Olean yesterday afternoon to see Mrs. Higgins. If he comes back with a declination in his pocket, it will be a case of having waited at the church for the renomination ceremony and receiving word at the last minute in the language of the popular song, "My wife won't let me." Mrs. Higgins is worried about her husband's health, and is said to believe that his business cares are sufficient strain upon him, without keeping in political life. Barring Higgins the most able-bodied boom is State Senator Brackett's. Timothy L. Woodruff is also in the open for the nomination.

An English Comment.

London, September 21.—The sugar trust, and not President Roosevelt has been responsible for Cuba maintaining her independence for so long, but the time has come when the United States cannot longer refrain from the most vigorous action. This is the view expressed by the Saturday Review, noted for its anti American sentiment, in a comment today on Cuban situation. America freed Cuba by one of the most astrocious filibustering campaigns known to history, the Review declares. The succession of events since then has been what every body knew must happen. The only chance for Cuba to retain its independence is the development of a man of the Diaz type, but it is questionable whether America would allow such a man to continue his work.

Alexandria County Schools.

A meeting of the Arlington District School Board was held Thursday evening on and near Fort Myer Heights and Colonial Heights, adjoining Rosslyn, in Alexandria county, for the purpose of selecting a site or location for the proposed new school house in that locality.

The board of trustees, consisting of A. P. Douglas, Dr. Charles B. Munson and B. M. Davidson, inspected the grounds, and then voted to select and purchase a site or location for the new school house at a point on the public road about half way between the Aqueduct bridge and the Alexandria county courthouse; the lot containing nearly one acre, the price being 8 cents per foot, or about three thousand three hundred and sixty dollars ($3,360.00) for the lot; the lot being offered by Messrs. Livingston, Goldsborough & Flinn, and being part of the large tract of land lately purchased by them, near Rosslyn, Alexandria county, and now known as "Colonial Heights" The offer was submitted by Mr. Will W. Douglas, attorney for the above named land owners.

Objection was raised to the purchase of the above land by several of the taxpayers of Arlington district because of the high price asked, $3,500 per acre, and a protest was filed against its purchase.

The board of trustees over ruled the protest, and the selection of the site above described was immediately referred to James E Clements, Superintendent of Schools of Alexandria county, for his approval or disapproval, in accordance with the law. Superintendent Clements received the plats and papers and protests and announced that he would hear all arguments and reasons in favor of the location, and all protests and objections to said location, at the courthouse of Alexandria county, on Tuesday evening next, September 25th, at 7 o'clock, and immediately thereafter would render his decision. He notified all parties concerned to be there with their arguments and evidence.

The Antietam Cemetery.

After the exercises closed at the Antietam National Cemetery on Monday evening, the 17th inst. Governor Pennypacker and his staff, with the invited guests, were handsomely entertained in the superintendent's lodge, by Captain and Mrs. J. V. Davis. All expressed their pleasure at the cordial reception and the complete arrangements for their comfort. The rostrum was neatly decorated with ivy and American flags and provided with seats for the distinguished party, and also with tables for the speakers and reporters, Captain Davis always casting an anchor to the windward for the accommodation of the press. Superintendent Davis was the recipient of many congratulations upon the arrangements and also upon the excellent condition of the grounds of what is considered one of the most beautiful and best kept of all of our national cemeteries.—[Hagerstown, Md., Mail, 19th.

[The above will remind many of similar scenes at the National Cemetery at Alexandria in by-gone years, when the popular captain was superintendent.]

New York Stock Market.

New York, Sept. 22.—Business was very slow all through the first hour, many brokers being in attendance at the Vanderbilt cup contest, there was a disposition to look for lower prices by the room traders. Prices were on the down grade, from the start, losses generally averaging one point during the first hour, with fractional declines in the lowest priced issues.

"Everybody's Magazine for October has been received from its publishers in New York and is a strong fall number, with good fiction and timely articles well balanced. "The Men who are to Vote," "Soldiers of the Common Good" and "The Burning Insurance Issue" are most prominent among its important articles. In "Help! Help! Help!" the persistent servant question is discussed. Jack London's remarkable story, "Before Adam," begins in this number and promises to be the literary sensation of the year. Eight short stories, readable articles, poems, reviews &c., complete this most attractive issue.

Should be Stopped at Once.

It is said that certain men were moving about the city last night endeavoring to form a lynching party for the purpose of taking a negro named George Griffin from the jail and executing him without trial or jury. Certain youths were invited to join with their elders in the proposed breach of the peace, but the boys, very sensibly, declined to engage in such a movement. Griffin, it will be remembered, was brought here from Culpeper a few days ago for safekeeping. The police should ascertain the names of the parties engaged in this procedure and the authorities should place them under bonds to keep the peace, or put them in jail until their thrist for blood subsides. Alexandria has been disgraced twice within the past nine years by lynchings, and no good citizen desires to see another blot placed upon the city. The darkey now in jail is charged with an offense in another part of the State, and at the proper time he will be sent to the place from which he came.

The Electric Lights.

There was trouble with the electric lights again last night, caused by the heating of the machinery of the long circuit, which necessitated the stopping of the same. A similar trouble arose last Wednesday week when the boxes were taken out and planed and filed by expert machinists and a new armiture installed. The machinery got out of order again last night, but the operatives soon succeeded in placing 44 lamps in working order, and they burned throughout the night. The committee on light in conjunction with the electric light operatives and skilled machinists are vieing in endeavors to place the plant in working order by tonight, and they hope to have it in such a condition as to cause no further inconvenience. The troubles which have occurred could not have been foreseen nor prevented by those in charge of the works.

Hot Weather.

The "good old summer time" still lingers, heat, rain, thunder and lightning being in evidence. Now when the days and nights have once more become equal in duration, the mercury in the thermometer at 3 p. m. stood at 90°, and at 6 p. m. it had fallen one degree. About 11 o'clock last night there were thunder and lightning south of this city, followed at 11:45 by a heavy but brief shower in this city. The night was sultry throughout, and today dawned with the same high temperature that has prevailed throughout the week. Straw hats and light weight coats are still in season.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

A youth, arrested by Officer Knight, at the instance of his father who charged him with incorrigibility, was dismissed upon promising to give his parents no further trouble.

Mary Pierson and Evelyn Culpeper, both colored, arrested by Officer Knight on a charge of disorderly conduct, were dismissed.

The Market.

There was an average supply of country produce in market this morning. Prices were in the main firm, while a few articles were being held at advanced prices. Butter sold at 30 cents a pound, eggs 28 cents a dozen, lima beans 25 cents a quart and green corn 15 cents a dozen. Tomatoes showed no change from the recent advanced price.

New Year Services.

Rabbi Louis Kopald conducted services again last night in the Jewish Synagogue. There was a children's service at 10 o'clock this morning. This service was not confined to young people only, as an invitation had been previously extended to adults.

Death of Mrs. Brengle.

Mrs. Virginia Brengle, wife of Mr. Henry Brengle, died at 2 o'clock this morning. The deceased had been in feeble health for several years past, she having been paralyzed. Mrs. Brengle was a daughter of the late Elijah Horseman. She was 59 years old.

Personal.

Miss Nannie McLaughlin, who has been the guest of her friend, Miss Lou Jackson, at Front Royal, has returned to her home in this city.

Miss Mary Gentry, who has been quite sick, is improving.

Mrs. Wm. Campbell left last Thursday for a visit to her mother in southern Ohio.

Dr. J. H. Bitzer has moved his residence to Washington, but will continue the practice of his profession in this city.

Mr. Edward B. Kemp and his mother, who have been visiting in the city this week, left Friday for a trip to Niagara Falls, after which they will return here before leaving for their home in New Mexico.

Quite a pretty wedding took place at noon today, at the residence of Mrs. L. Kissendafler, 226 north St. Asaph street, when her daughter, Hannah Louise, became the bride of Mr. G. Mason Smith, of this city. After luncheon was served Mr. and Mrs. Smith left for a southern trip.

Mr. and Mrs. Thomas G. Boswell, of Richmond, are visiting Mrs. Edgar Warfield, 218 south Fairfax street.

Mr. James Stoutenburgh is confined to his home on north Columbus street by illness.

Miss Edith Goodhand of Alexandria, is the guest of Mrs. Lena Ennis of north Gilmore street, and a yachting party was given in her honor a day or two ago. After a pleasant sail on the bay, supper was served.—[Baltimore News.

Rev. Dr. W. F. Fisher will preach at Beulah Church in Fairfax county tomorrow afternoon at 3:30 o'clock.

Prisoners Released.

Miss Mabel Risley, the young lady who was assaulted by a negro near Luna Park the evening of Sunday, the 9th instant, went to Upper Marlboro, Md., on Thursday in company with Special Officer Pennypacker of Alexandria county, to see if she could identify as her assailant John Joseph Chase, who is held in the jail there on the charge of attempting to commit a criminal assault on Miss Elizabeth Wytenger near Tuxedo, Md., last Monday. Miss Risley scrutinized a half dozen colored prisoners, Chase being among the number, but she declared she could not indentify any of them.

Miss Risley went to the Alexandria county jail yesterday afternoon on a mission similar to that which caused the visit to Upper Marlboro. There were three prisoners in the jail who were being held on suspicion of having committed the assault, They were Cap Turner, who was first arrested; John H. Gaskins, who was taken into custody last Saturday near Rockville, Md., and George Young. The latter was arrested Wednesday night by Officer Pennypacker near St. Elmo, Alexandria county, Miss Risley failed to identify any of the men as her assailant and all the prisoners were released.

A Suggestion

It is suggested that a new court should be established for negroes who are disposed to rush into litigation every time a neighborhood quarrel occurs. Two sable females were in the dock of the Police Court this morning. They had been arrested at the instance of two other colored women. The defendants had employed counsel, and it was naturally supposed that something serious would develop. The plaintiffs occupied the attention of the court for some time with rambling accounts of previous neighborhood quarrels, and so far as any one could see never urged anything whatever in substantiation of the charge upon which they had procured the warrant. It was simply a case of hot words between neighbors with a division fence between them and where the issue depended solely upon the lung power of the respective disputants. Justice Caton failed to see where any offense had been committed and discharged the prisoners. Should the complainants be fined in such cases it would tend much toward bringing to an end senseless issues and save much time to those conducting the Police Court.

Property Sales.

Mr. John D. Normoyle, real estate agent, had sold for Mr. Robert T. Lucas, jr., the three story brick dwelling with large side lot at the northeast corner of Fairfax and Gibbon streets, to Miss Lucy M. Graves.

Also, for the heirs of William Howard, two frame dwellings on Gibbon street, between Fairfax and Royal streets, to Mr. J. Matthews.

Also for Hugh F. Jennings, of Dumfries, Va., two frame dwellings on the north side of Wolfe street, between Alfred and Patrick streets, to Mr. J. Matthews.

The Corporation Commission has granted the following charters:

Riley, Limerick and Rolle, Inc., of Alexandria. Incorporators: C. R. Riley, president and treasurer; D. M. Limerick, secretary; A. H. O. Rolle—all of Washington, D. C. Capital stock: Maximum, $15,000; minimum, $600.

Organ Recital.

On Tuesday evening, October 9th, Dr. J. W. Bischoff, the well-known and brilliant organist of the First Congregational Church, Washington, will give an organ recital at St. Paul's Church. He will be assisted by Miss Thompson, soprano, of Washington, and the choir of St. Paul's. This will be the first recital given on the new organ at St. Paul's and with Dr. Bischoff as the soloist it will be heard at its best.

Mr. McManus to Resign.

General Superintendent C. S. McManus, of the Southern Railway, will, it is said, soon resign his position to enter into mercantile business in Knoxville, Tenn. It is understood that Mr. McManus will be succeeded by Assistant General Superintendent Copeland, now at Greensboro, N. C. These changes will involve several other officials of the Southern Railway.

Torture By Savages.

"Speaking of the torture to which some of the savage tribes in the Philippines subject their captives, reminds me of the intense suffering I endured for three months from inflammation of the Kidneys," says W. M. Sherman, of Cushing, Me., "Nothing helped me until I tried Electric Bitters, three bottles of which completely cured me." Cures Liver Complaint, Dyspepsia, Blood disorders and Malaria; and restores the weak and nervous to robust health. Guaranteed by E. S. Leadbeater & Sons' druggist. Price 50c.

Fire.

The large barn and some of the other outbuildings on the farm of Mr. Edward Cockrell, below Woodbridge, on the R., F. & P. R. R, were destroyed by fire early yesterday morning, together with their contents. The fire, it is supposed, was started by a gasoline engine and the loss is estimated at about $8,500. None of the animals was injured.

When two strong men come to blows, even if they are well matched, it is not a pleasing sigh, but if the man who gets the worst of it will use DeWitt's Witch Hazel Salve, he will look better and feel better in short order. SATURDAY EVENING, SEPT. 22, 1906.

Fatal Accident at Race Track.

Jockey Bertrand Freishon was instantly killed and Jockey C. Ross sustained a fracture of the skull as a result of an accident in the fifth race at Gravesend yesterday. G. Burns who also fell, escaped injury.

The fifth race, which was a selling event for three-years-old and upward, at one mile and a quarter, drew out a field of ten starters. Freishon had the mount on Joe Levy, C. Ross on Louis H., and G. Burns on Sonoma Belle. These three horses were last away from the post and trailing their field.

As the horses were making the turn at the paddock and in full view of the grand stand, Joe Levy, who was on the rail, crossed his legs and fell, and in falling bumped into Sonoma Belle, causing her to go down. Louis H., who was directly behind Joe Levy, stepped on Freishon, crusing him, and fell over Joe Levy. G. Burns sat up in the middle of the track, while Freishon and Ross never moved. Ross was removed to the Emergeney Hospital at Coney Island. Freishon was sixteen or seventeen years old and was a native of New Orleans.

To Purify The Potomac.

Oregon Milton Dennis, Maryland State game warden; State's Attorney Austin Wilson, and Deputy Wardens Clark and Lucas appeared yesterday in Cumberland, Md., as prosecutors against the West Virginia Pulp and Paper Company, millionaire paper manufacturers at Luke, charged with placing refuse in the Potomac river, hurtful to fish. The case did not come to trial yesterday and last night State Game Warden Dennis spoke of the probability of an agreement whereby the refuse of the great plant will be diverted into some channel other than a running stream. Mr. Dennis is having the support of the federal authorities in his endeavor to purify the Potomac, the source of Washington's water supply. He will continue his crusade on down the river.
